SingleCare Free Prescription Discount Card
Tommy Toy Fund
UCAN Union Counseling Training

Grants leveraged by United Way are:

- **Helping to improve access to healthcare for vulnerable populations. We're collaborating with 55 community partners to break down barriers to care.**
- **Supporting ten agencies on the front lines of the homeless response system and direct client assistance.**

Your United Way donation defined:

- **Allocations:** The process by which we distribute funds to a local network of health and human service programs. Volunteers review programs to determine the best way to invest your donation, which is approved by our Board of Directors.
- **United Way Initiatives:** United Way provides the necessary in-kind or staff support to these efforts, and in some cases, mobilizes volunteers or community partners.
- **United Way Funded Programs:** These programs do not go through the Allocations process but provide critical services. It could be a one-time grant opportunity, programs operated directly by United Way, or programs that fill a needed gap in our impact areas or the community.
- **Grants Leveraged by United Way:** We secure large-scale grants and act as the fiduciary to lower overhead costs for other agencies and/or can assist with distribution of funds.
